

PLUMBER

GENERAL STATEMENT OF DUTIES: Works as a journeyman plumber; does related work as required.

DISTINGUISHING FEATURES OF THE CLASS: This is skilled work involving responsibility for efficient and workmanlike performance of a variety of plumbing and steam-fitting tasks and odd jobs requiring a good knowledge of these trades. Specific instructions are received regarding tasks to perform and sometimes how to perform them. Immediate supervision may be exercised over the work of a plumber's helper or laborer.

EXAMPLES OF WORK: (Illustrative only)

- Lays out working details of and performs skilled work involved in altering, maintaining and repairing water and sewer systems, sinks, toilet equipment, and their accessories and fittings;
- Does steam-fitting and pipe-fitting work with steel, iron, brass, lead, and other metals;
- Inspects and tests pipe lines and plumbing;
- Cares for tools, supplies, and equipment;
- Incidentally performs a variety of routine maintenance and related custodial duties.

REQUIRED KNOWLEDGES, SKILLS, AND ABILITIES: Good knowledge of the standard practices, procedures, materials and safety precautions of the plumbing, steam-fitting and pipe-fitting trades; good knowledge of mechanical drawing; knowledge of local plumbing laws and regulations; ability to work from plans, sketches, specifications, blueprints, and oral and written instructions; manual dexterity; good physical condition.

MINIMUM QUALIFICATIONS: One year of experience as a journeyman plumber; or any equivalent combination of experience and training.

Non-Competitive Class
